Memo to: Chairman, Board of Selectmen, Town of Greenland
Chairman, Board of Selectmen, Town of Lee
Chairman, Board of Selectmen, Town of Newfields
Chairman, Board of Selectmen, Town of Newington
Chairman, Board of Selectmen, Town of Newmarket
Chairman, Board of Selectmen, Town of Stratham
City Manager, City of Somersworth
Town Manager, Town of South Berwick
M. Robinette, N.H. Dept. of Environmental Services

From: Richard H. Rugg, Administrator

As the result of a telephone conversation today with Mr. Paul Marchessault, please be advised that the Lamprey's response of August 19, 1988 to his letter dated July 26, 1988 is sufficient enough to eliminate any further response being required by the towns, with the exception of Newington.

He advised that if the EPA wanted or needed any more information a letter would be forthcoming to either the Lamprey or the effected community.

Mr. Paul Marchessault
U.S. Environmental Protection Agency
P.O. Box 3409
Reston, Virginia 22091

Dear Mr. Marchessault,

In response to your letter dated July 26, 1988, enclosed please find some of the information you requested, answered to the best of my ability.

Enclosed please find a list of member towns that took rubbish to the Coakley Landfill site in North Hampton, N.H. one town, South Berwick, Maine, was under contract to the Lamprey Regional Solid Waste Cooperative. On each list by town I have broken down the material hauled in the following manner:

1. Date
2. Tons of Material
3. Where it came from within the community.
4. Who Hauled it.
5. Kind of vehicle, i.e. Roll-off or packer.

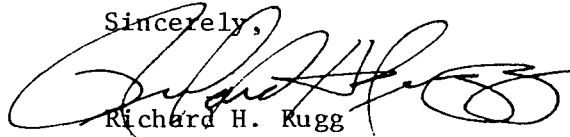

I am sending a copy of this response to each community involved and it is my belief that they should answer all questions posed in your letter.

I realize that this may not be what you want, but it does identify the amount of material and where it came from etc. Also to the best of my belief and knowledge all this material would be considered non-hazardous.

This facility opened for operation in September of 1980. The solid waste that was taken to Coakleys' in North Hampton during 1981 was due to the fact that this plant was shut down for maintenance. I believe that this was the only time that rubbish was diverted from Lamprey to Coakleys.

I am sure that you will have some questions, please feel free to write or call.

Sincerely,

Richard H. Kugg
Administrator
